0.75 in.

## FACE YARN:

Field/Olive

## THATCH:

Brown/Beige

## BACKING:

ProFlow

## KEY FEATURES

**No Infill Required:** Designed to deliver exceptional performance and durability without the need for rubber or sand infill, keeping your play areas clean and mess-free.

**Soft and Safe:** The 3/4" pile height offers a soft cushion underfoot, reducing the risk of injuries during play and providing a comfortable surface for all types of activities.

**Low Maintenance:** No more worrying about infill maintenance! This turf stays consistently perfect with minimal effort, saving you time and money.

**Realistic Appearance:** With its lush green fibers and natural texture, this turf gives the appearance of real grass, enhancing the aesthetic of any indoor or play space.

**Durable and Resilient:** Made from high-quality synthetic materials, this turf is built to withstand heavy use and is resistant to wear and tear, ensuring longevity.

**Versatile Applications:** Perfect for a variety of settings including indoor sports facilities, playgrounds, schools, daycare centers, and residential play areas.
